Thanks everyone for coming to our match. Glad to see Marlin Flavel again, thanks for driving down from Saskatchewan, Canada. Hope John Dannenberg and his dad Lee shoot again next year, we need more shooters. Congratulations to our state champs James Ladwig, Tim Frank, and Lee Widdel. We had hard shooting conditions for highpower, the wind made for one of the lowest scores on the trophy. Smallbore weather started out about as good as you can get, but the scores don't show it. I think the previous days wind affected our sense of balance.

I probably won't be shooting silhouette for the next couple years, I'm going to take a couple years off for family activities with the kids before they are grown and gone. Dave Tokach will be sending out the results and match notices and Tim Frank will continue to make the trophies and keep the animals patched up. I think we will be moving next years state champ to a new date, probably a week later.
